

## **Barrie Ultimate Disciplinary Policy (created 2009)**

- “3 strikes and you’re out”
- on field, captains are responsible for encouraging “rec” atmosphere and play, and for handling / reconciling any situations that arise (i.e. calming people down)
- anyone on any team can email the convenor about a player / incident in a game if they feel it necessary (e.g. if hurt, intimidated, got run over, etc.)
- 1st time this occurs, offending player gets a phone call from convenor (Talena) to find out other side of story and reinforce the “this is Rec” concept, as well as remind them about the policy
- 2nd time there is a complaint, offending player *must* sit down with Pete Bowman to go over rules, spirit, why what they did was wrong, etc.
- 3rd time there is a complaint, player is barred from playing for the remainder of the season with no refund and will be on probation if they play in any Barrie Ultimate league in the following 12 months (so fall, winter, the following summer)
